Savannah Refillery

Savannah Refillery is on a mission to help people eliminate single-use plastic. The refillery provides an opportunity for people to shop for everyday household and personal care essentials like laundry soap, all-purpose cleaner, and more without the single-use plastic container that comes when you shop at a traditional store. A free repurposed jar is provided when you place an order for refillery items, or you can opt for a new mason jar for your refill purchase for a fee. Savannah Refillery also offers many sustainable swaps for single-use items like organic cotton reusable produce bags and silicone sandwich bags.
